

ERAI

A solution for better decision making

Challenges

ERAI – a knowledge platform

ERAI

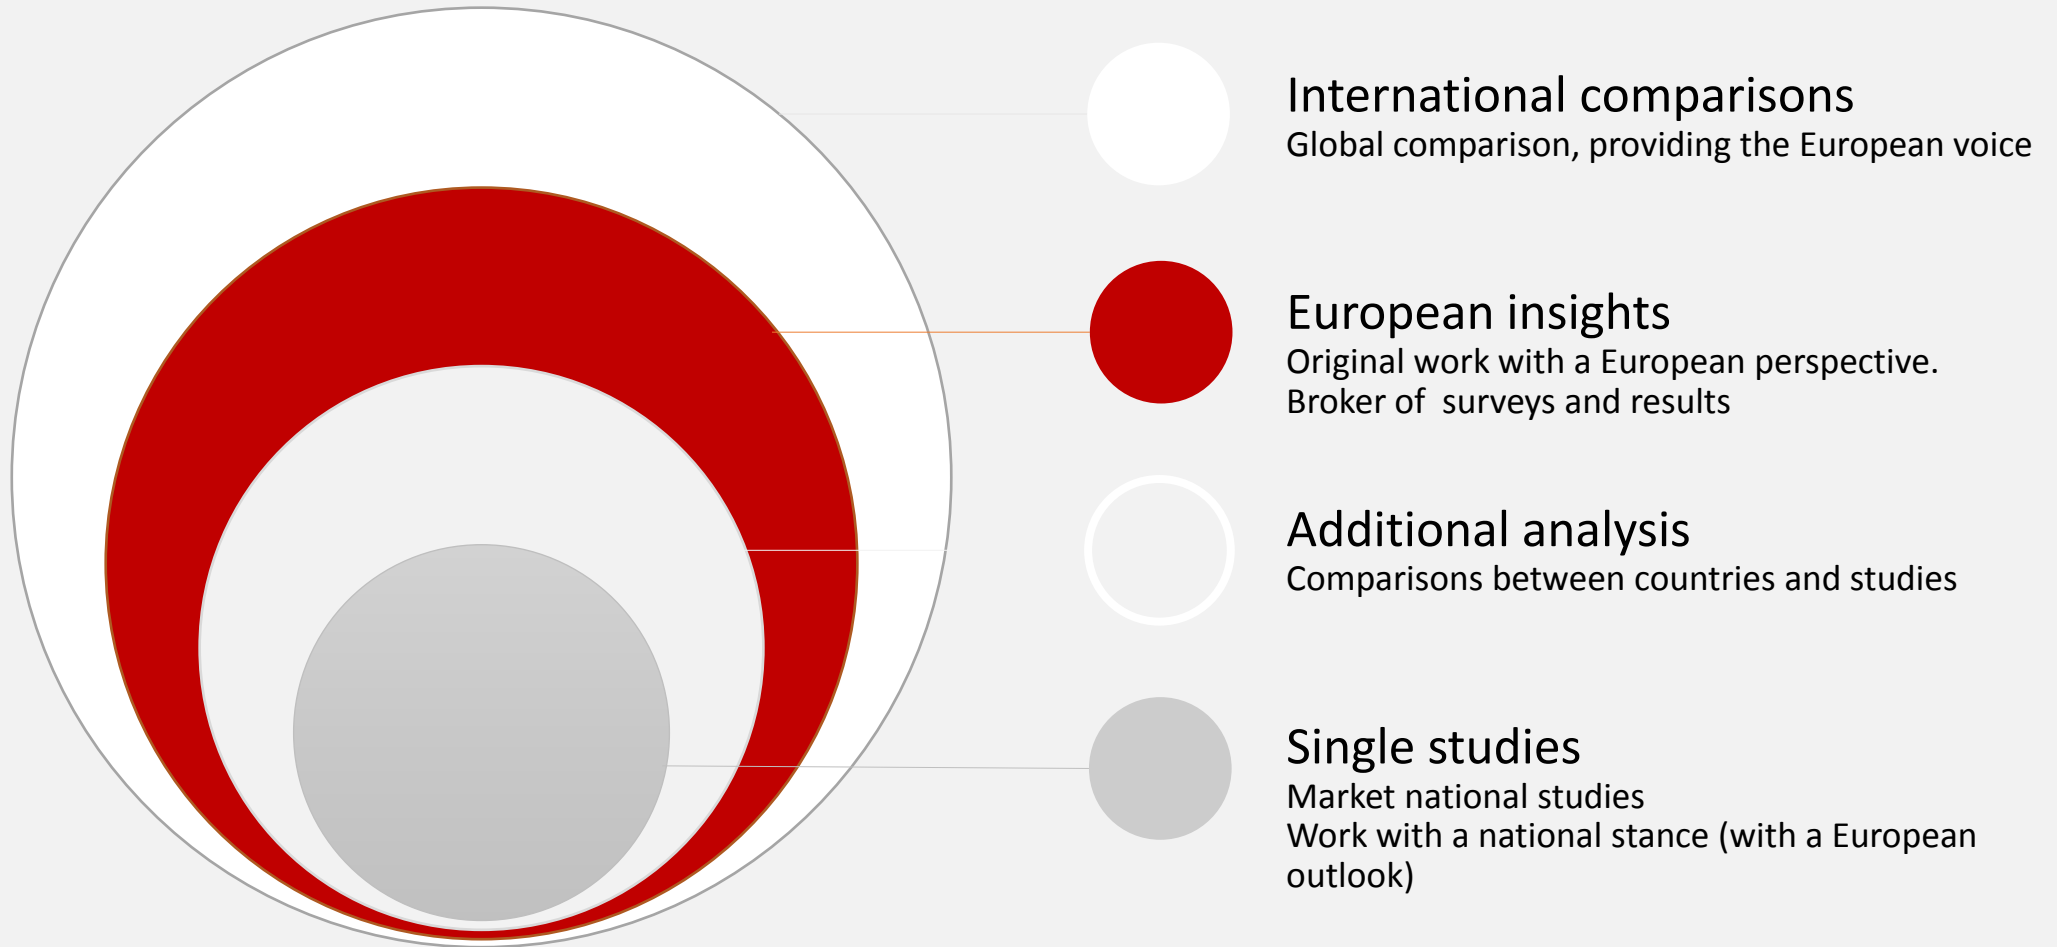

Eunis Research and Analysis Initiative

Part of EUNIS

- + Well established
- + Growing network
- + Pan European collaboration
- + Channel of contacts

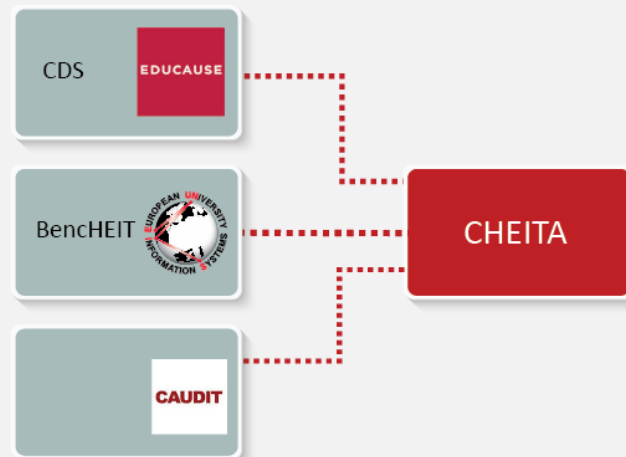

Benefits

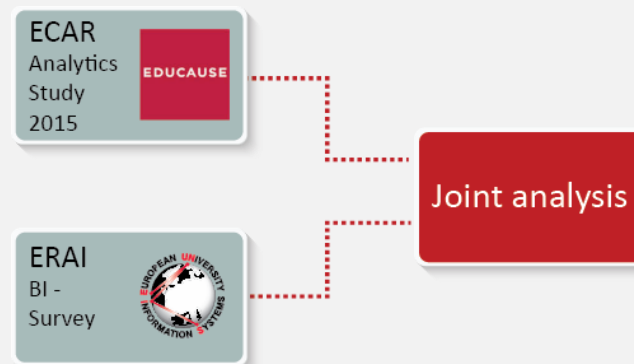

Methodologies

Joining existing research

Sharing communities

Qualitative

- Case studies
- Interviews
- Focus groups

Results so far

The screenshot shows the website for the EUNIS Research and Analysis Initiative (ERAI). At the top left is the EUNIS logo, and to its right are navigation links: HOME, EVENTS, ERAI (highlighted in red), TASK FORCES, NEWS, AWARDS, and GET INVOLVED. Below the navigation is a header for "EUNIS Research and Analysis Initiative - ERAI". The main content area features a large banner with the title "EUNIS Research and Analysis Initiative - ERAI" and four categories: Research (from our European partners), Articles (on individuals, technology and events from our sector), Surveys (for real life insights), and Outreach (to overseas partners). At the bottom, there is a row of six icons with labels: ERAI, Research, Journal, Blog, About ERAI, and BenchEIT.

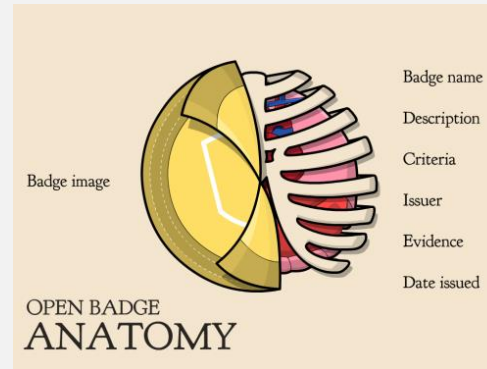

This collage displays three issues of the EUNIS Journal of Higher Education IT. Each cover features the journal title, the ISSN 2409-1340, and the EUNIS logo. Issue 2014:1 is partially visible. Issue 2014:2 shows a man in a purple shirt sitting in a chair. Issue 2014:3 features a man with a beard and glasses, wearing a black shirt with a Python logo, pointing upwards. The text "Security Software development" is overlaid on the image. Below the image, there are sections for "Features" and "Covered tracks". The "Features" section lists "EUNIS2014 Congress paper award" and "Winner of the congress paper award". The "Covered tracks" section lists "Security" and "Software development". The "Upcoming content" section lists "EUNIS2014 Congress papers". A photo credit "Photo: Jan Lindmark" is visible in the bottom right corner of the journal cover.
