"When faced with making major and minor decisions in leading information technology, I confess that I sometimes felt as though I were holding warm Jell-O and that it was running through my fingers."

Jolene Koester (President of California State University, Northridge)

Roles of IT

IT as object

IT as a tool for collecting data and documents

IT as a media for teaching and learning

IT as communication and collaborative environment

IT as a tool for organisation and management

IT as an universal laboratory

9. Disaster Recovery / Business Continuity
10. Strategic Planning

But ...

- ⊙ ... things are getting even more complex!
- ⊙ IT as cooperative environment between universities
- ⊙ Research and Education
eInfrastructure

EUnified Ecosystem

IT should serve
not to conquer!
