

IIT Leadership and the Role of the CIO: The Annual Gartner/EUNIS Update

Mike Zastrocky
Managing Vice President/Academic Strategies, Gartner, USA,
Michael.Zastrocky@gartner.com

As higher education institutions face a growing shortage of IT leaders, some executive leaders question the need for a CIO while others see this role expanding. During this annual Gartner/EUNIS update, we will look at the role of the CIO, how it has evolved and current and expected future institutional needs for IT leadership. We will also look at how institutions can prepare for the next generation of IT leaders and some future models for IT governance.
