

EMREX

How to achieve horizontal and vertical growth

Tor Fridell, EMREX User Group Executive Committee

EMREX

- Safe, secure and fast electronic transfer of diplomas and results
- User-driven approach (GDPR)
- Standard data format and machine readable (ELMO)
- Open network: everyone can participate
- Building block: uses local infrastructure, integrates in other services and processes
- Makes digitalization and automation possible (xml)

EMREX

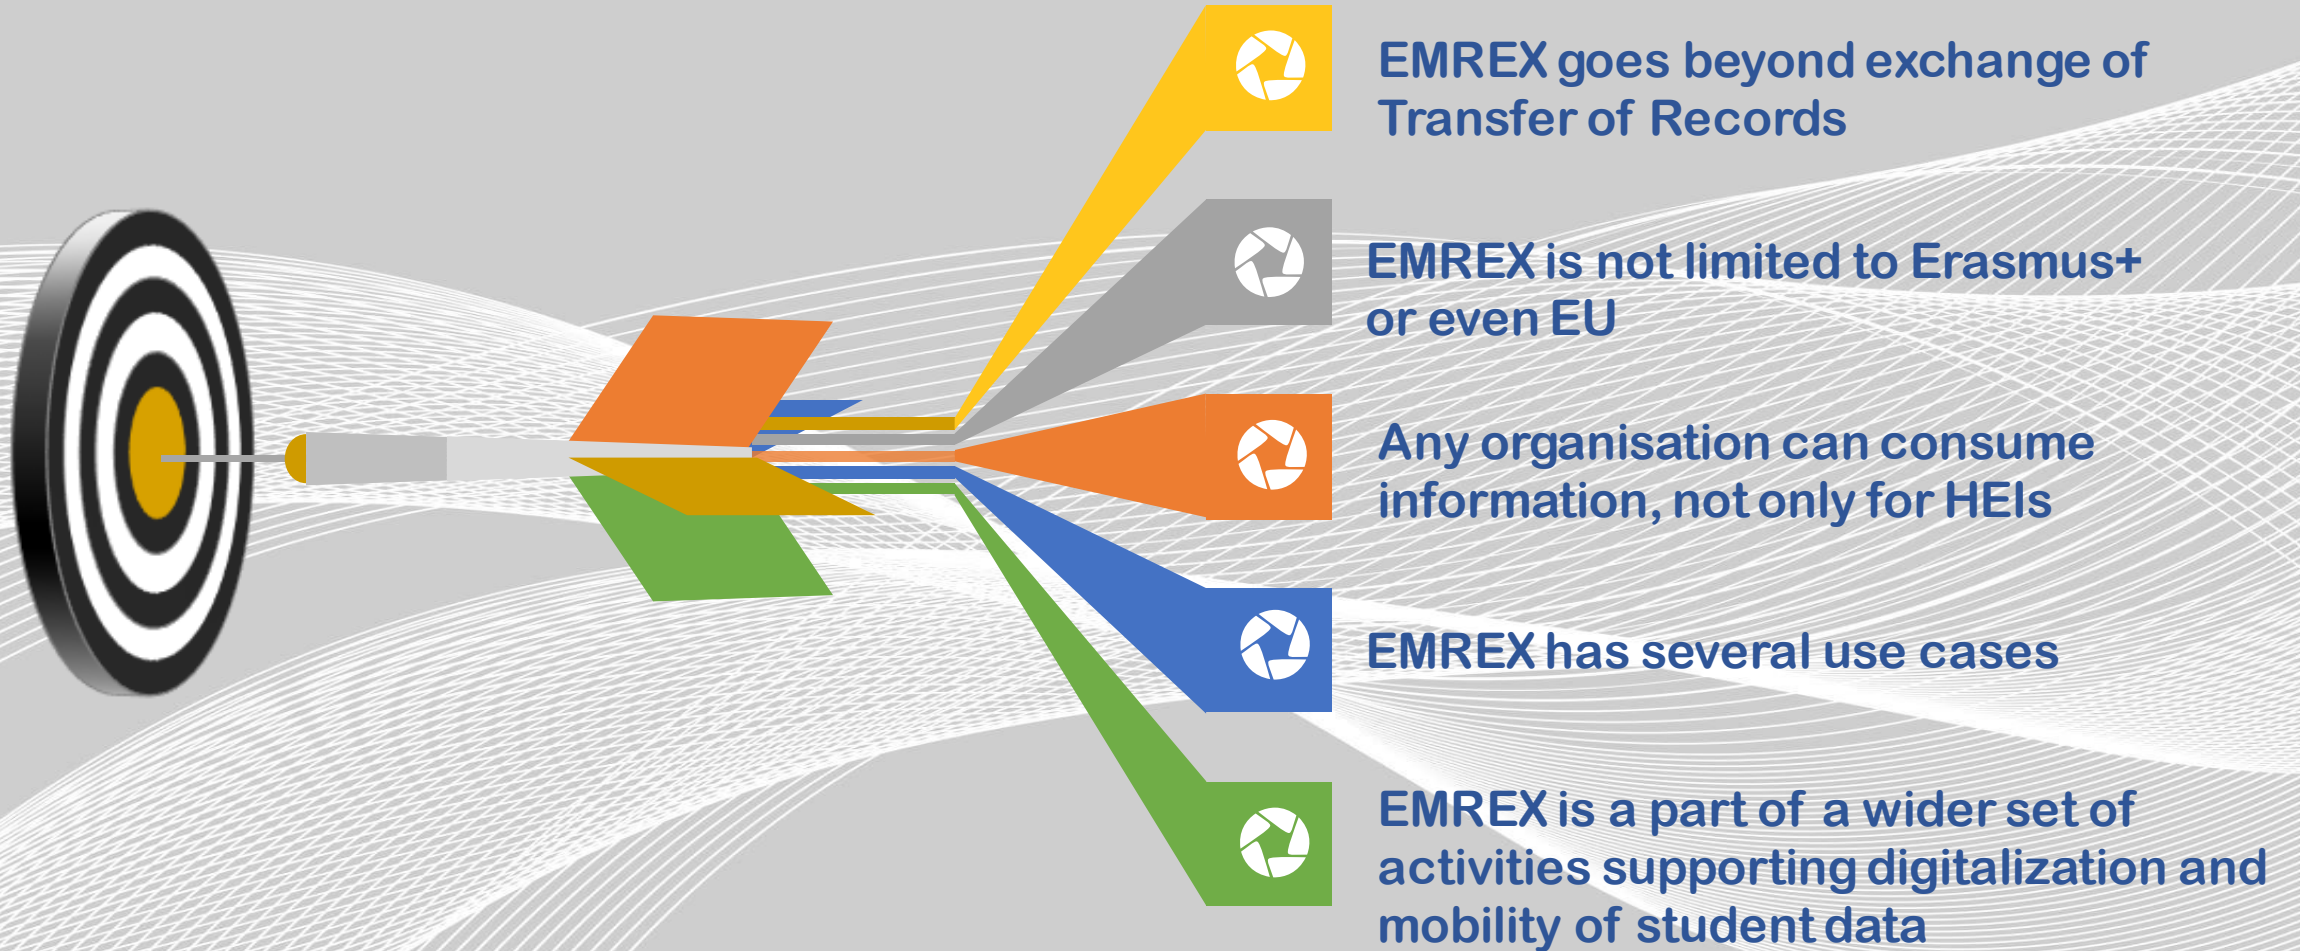

- EMREX has been a production system since 2018 without any financial support from EU since then.
- The use of EMREX grows both in number of exchanges and use cases.

- **Overview 2020**

	CRO	NL	NO	PL	SE	Total
Number of connections	2358	479	57242	90	1387	61556
Change from 2019	93%	1228%	199%	74%	205%	192%

EMREX

- **EMREX use cases:**
 - Erasmus mobility
 - Admission
 - Recruitment systems
 - Lifelong learning portfolios (like Europass)
 - Professional licenses
 - Automation of processes (like recognition)
 - Exchange of data within European Universities Alliances.
