

The Jisc logo is a white text 'Jisc' inside an orange square, positioned in the top left corner of the slide.

Jisc

The background of the slide is a photograph of a sunset over the ocean. The sun is a bright white circle in the upper right, with a soft orange and yellow glow around it. The sky transitions from orange to a darker blue. The ocean in the foreground has gentle, rhythmic waves that catch the light of the setting sun, creating a shimmering effect.

Learning and teaching reimagined focus

To explore and shape a technology enabled learning and teaching model for UK higher education

To reflect on the initial impact of the rapid and radical transformation of learning and teaching during COVID-19 lockdown

To explore the impact of making a shift to technology enabled learning and teaching

To create resources for the leadership of UK universities, enabling them to adapt their education provision

Learning and teaching reimagined

A new dawn for higher education?

November 2020

Preparing for 2021/22

1. Embed digital at the heart of university culture
2. Invest in the short-term but with a long-term strategic view
3. Explore new economic models for high quality blended learning at scale
4. Embrace blended learning in curriculum re-design
5. Expand the digital skills and confidence of students and staff
6. Communicate the benefits of blended learning
7. Strengthen the response to digital poverty

Recommendations

1. Universities to use their **strategic and structural planning processes to effect the digital transformation of learning and teaching**, ensuring that sponsorship is provided by governing bodies and executive teams
2. Universities to **review their strategic investment in digital learning and teaching**
3. Universities to make investment **plans to mitigate the heightened cyber security risks** that arise from greater dependence on digital technologies
4. Universities to **think radically** about the scale and scope of their learning and teaching activities, **prioritising blended learning approaches wherever possible**
5. Universities to **accelerate the adoption of blended learning, with close involvement of students in all aspects from design to delivery**

Recommendations continued

6. Universities to **ensure inclusivity and accessibility are integral considerations in curriculum redesign**
7. Universities to ensure their **professional development plans include digital training, peer support mechanisms and reward and recognition incentives to encourage upskilling**
8. Universities and sector organisations to establish **research to remain in step with the changing digital preferences and expectations of prospective higher education students**
9. Universities, government and funders to provide additional funding or means to **reduce digital poverty as a barrier to students accessing higher education.**
