First-timers experience – Working together on Bencheit

Ole Lycke, Oslo and Akershus University College of Applied Sciences

2016.12.08, Ole Lycke, HiOA - Oslo and Akershus University
College of Applied Sciences

Agenda

1. Who have worked together
2. What / How
3. Why

Discussion:

Is this a good idea for other HE?

Who – 6 HE in Norway

UiT – The Arctic University of Norway

NTNU – Norwegian University of Science and Technology

UiB – University of Bergen

UiS – University of Stavanger

UiO – University of Oslo

HiOA – Oslo and Akershus University College of Applied Sciences

What - Working together, How?

- Meetings and cooperation:
 - Meeting 1: HiOA visited UiO
 - Meeting 2: We all met in Oslo
 - Discussions on e-mail
 - Common presentation made by UiO
 - Meeting 3: Discussing results

What – Common understanding

-Typical questions

- Is Digital Exam a student administrative system or learning system?
- How do we count the number of employees working on service desk?
- What does «Total cost» really mean?
- Where do you place the cost of external consultants?
- How do can we find all the iPads we by
- How do we count the cost of facility and power? (and can this be of any interest as long as it's not comparable?)

Why?

- Common, documented definitions with examples give:
 - Comparable results between HE
 - Comparable results from year to year
- Common understanding and description of the situation
- Less frustrating to work together
- Networking is good for many reasons
- Happy participants and bosses?

Discussion

- Regional groups:
 - Would it be a good idea for any of us to work together on Bencheit?
